

Metal Building Foreman: We are looking for a full-time foreman for a metal building erection crew. Must have extensive experience in pre-engineered metal buildings (PEMB), safety and people management. Our foreman supervises and work with their crew to ensure projects are completed per the plans and specifications in an efficient and safe manner while also ensuring quality standards are met.

To be successful, a candidate should have:

- A minimum of 3 years' experience in all phases of PEMB, including standing seam roofs and Simple Saver
- Previous foreman experience
- A valid driver license with a clean driving record
- Reliable transportation to get to and from work
- The ability to read plans and specifications
- Your own tools of the trade
- Experience with Behlen and/or Chief Buildings is preferred

Hours are Monday through Friday, 40+ hours per week, and occasional weekends. Work is primarily in the San Luis Valley but will require out of town travel for certain jobs. Must be reliable, safety conscious, able to take direction, and work with others. Position requires ability to climb, kneel, stoop, crouch, balance, squat, and tolerate heights as well as exert heavy physical effort. The work environment is typically outside on construction sites and may require work in confined spaces.

Compensation depends on experience and is expected to be between \$24 and \$28 per hour. A full benefits package is offered, including:

- Paid time off
- Paid holidays
- Medical insurance
- Vision insurance
- Dental insurance
- Supplemental policies like accident, disability, and life insurance
- Retirement plan with company match

Different waiting periods apply. Bonuses are discretionary.

This is a safety sensitive position. All offers are contingent upon successful completion of a pre-employment background check and drug screen for all federally illegal substances. Equal Opportunity Employer.
